

The George Jetter Collection

The family of George Jetter has generously shared some of his creations with us in memory of George and for the benefit of his mission project in Ecuador. Included in this collection is:

Live Auction

- a signature stirrup lamp
- his patented wooden scooter

Silent Auction

- a blow-molded duck lamp
- and fresh from his garden a Butternut Squash.

Plan to take a memento of George home and help support his passion at the same time.

Donated by Esther Jetter and family
